1. Application by Derrick Ward for a Certificate of Appropriateness and Building Permit to construct an addition to his barber shop building fronting on Bank Street. The addition is proposed as infill construction between the barber shop building and the hair store (formerly drugstore building) which together occupy the lot that forms the N. E. corner of the intersection of Bank St. and Boston Row. The Applicant provided no drawings or any further details of the proposed addition. The addition is proposed to contain a kitchen, which will sell take- out food from a walk up window. The application has been evaluated by Staff, which has recommended that it be **DENIED**.
2. Review of and discussion on the Introductory and Quick Reference Sections of proposed Zoning and Historic Preservation Guidelines. Everyone is encouraged to review and comment. If approved, the Guidelines will be added to the Town web site.
